"At Cabo Dolphins we are very proud to offer dolphin programs at a world class level."

Programs are available daily - Advance reservations are essential and spaces are limited.

"I don't know how to begin to describe it!! It was WONDERFUL!! Merian was soo much fun!! Such a gracious dolphin!! My boyfriend and I had the time of our lives, this was by far the best experience we had in Cabo! Of course the pictures are a little expensive but worth every cent!! Our trainer Zabdi was very informative and fun. Can't wait to go back and do it again!!"

Interacting with dolphins is an amazing experience that will leave a lasting impression on your child's mind and heart. This program offers child's between 4 and 9 years old the opportunity to learn more about dolphins in a fun and safe environment.

This exclusive experience allows small children to be close to dolphins like they have always dreamed of! This 30 minute program begins poolside with the introduction to our dolphin family. Afterwards, children can touch and interact with them in a practical session lead by our expert dolphin trainers in a specially designed shallow part of the pool. Parents or guardians may watch from our observation area (at no additional charge).

"Wonderful experience to be remembered for a lifetime. This was a nice facility - good parking right in front, clean & well organized. They were great with the kids (ours are 8&9 years). The group was kept small and the kids got good, personal interaction with the dolphin. They even got a ride on it's belly! They even let the observers for the group get photos with the dolphin. Fun!"

DREAM COME
TRUE!

Your experience begins with an educational session where you will learn about the anatomy, physiology, natural history and training of the bottlenose dolphin. The activity begins on our shallow platform, where our trainers will introduce you to the dolphins and you will make yourself comfortable with them in knee-deep water (no swimming required). During 15 minutes you can see them up close, feel their soft skin, give training signals and even kiss and dance with them in our pool specially designed for this activity.

The program lasts 30 minutes including the orientation. Group size is limited to ensure that you enjoy the most personal experience. We recommend our guests bring extra money for shopping, lunch, photos and souvenirs.

"The staff was so professional, kind and informative. What a thrill to touch, kiss and interact with a dolphin. Our guide was Zabdi and our dolphin Merián. We have some great photos to remember our time there. We highly recommend this attraction. We plan to do it again."

Cacasquech, California. Jan 20, 2010.

- Monday-Friday: 3:00pm
- Saturday and Sunday: 1:00pm

This is a once in a lifetime opportunity for you to relate with these wonderful and intriguing mammals. You will touch, play and swim with our amusing and adorable bottlenose dolphins.

Your program begins with an interactive orientation that includes a brief presentation of the dolphin's characteristics and how to use hand signals and positive reinforcement to communicate with them.

Once in the water you will share 30 magical minutes with your dolphin, swimming with, touching, and even kissing your dolphin if you like (they love kisses) and you will enjoy a high-speed ride around the pool holding onto to the dorsal fin on his back or his pectoral fins on his belly.

"Mariana provided a very enjoyable experience for our small adult group. She obviously cares about Renoir's health and well being (Renoir was our dolphin). Her professionalism, yet recognition of our vacation mood, made the entire experience well worth our time, and one we'd like to repeat."

MOMENTS

Reserve your chance to be a Dolphin Trainer for a Day. This adventure is a half day program for six lucky would-be trainers.

Begin your day meeting the dolphin trainers and our friendly family of bottlenose dolphins. Prepare their daily diet and learn about how we care for our dolphins in our on site laboratory and enjoy free time in the water with them. A full dolphin swim session is included and after a delectable lunch in our deli lounge bar, become an actual dolphin trainer in the afternoon as you assist with a dolphin swim program.

"My sister and I had been talking about this adventure for the past few months. Luis was our dolphin trainer and he was super friendly and had a great sense of humor. Our dolphin, Ende, was absolutely delightful and you could tell she has a special relationship with his trainer. I would recommend this activity to anyone who wants to bond with one of the most wonderful creatures of the water!"

Jessicipiha, Seattle WA. Jan 2, 2010.

- Minimum age is 12 years old
- Includes: uniform, lunch, diploma, contact session with the dolphins, Dolphin Swim Program, DVD and a photo of your day
- Monday - Friday

Raise a toast with your friends as you sail into the sunset on board an impressive America's Cup yacht! Relax and enjoy the silent sailing, or join in and have fun with the team while the yacht navigates the Pacific Ocean past the famous arch.

Feel the gentle breeze caress you while the powerful ocean waves slide gracefully along the bow. Complete your adventure with delicious canapés and drinks (included in the price) in our Cabo Dolphin lounge.

"What a great evening! All the passengers had an opportunity to hold the wheel and winch in or out the sails. Our Australian crew was very professional, informative and really fun to sail with. After returning from the sail, we were offered beverages of all sorts and wonderful Mexican food, all of which was included. What a deal this was, from beginning to end."
